## New GFE Broker Training Webinar – The Final Lap!

### ***GFE launch date Wednesday, December 23rd!***

Reunion Mortgage is pleased to provide a new broker training webinar, entitled *How to Complete a GFE for Reunion*.

This webinar is a more advanced training session than the first webinars, and will address the following items:

- Step-by-step instructions on how to complete a GFE for Reunion
- Specifics about Reunion's policies
- Reunion's procedures for evaluating a broker's GFE
- Recommended best practices
- Reconciling the GFE to the HUD-1

Although the new GFE is required for all borrower applications taken beginning January 1, 2010, Reunion will begin accepting the new GFE from select brokers on Monday, December 21st. Brokers who are ready to begin using the new GFE should submit new loans starting on Wednesday, December 23rd. This will enable both brokers and Reunion to test the process before we are all required by law and locked into the new GFE.

HUD is still addressing questions and issues, and wholesale lenders and brokers must work together to provide borrowers with competitively priced loans that meet their needs!
