

## New Options for Broker Credit Reports

Reunion Mortgage is pleased to announce new options for broker credit reports. The new options will enable Reunion to use the broker's same credit report and score, and still meet the requirement for a report issued in Reunion's name.

Brokers will continue to provide a credit report dated no more than 60 days prior to funding. If the report is from one of Reunion's approved credit partners, we can reissue the exact same report in our own name.

Reunion currently has four credit partners, and is researching additional partners. Detailed information and links have been added to Reunion's website under [Online Services > Order Credit](#).

### **SettlementOne**

- Brokers who already use SettlementOne can continue business as usual
- Brokers who are new to SettlementOne can link to SettlementOne's Reunion-specific website to sign up and enjoy lower fees than those normally offered by SettlementOne
- When Reunion reissues credit in our name, the broker will be charged a \$3 reissue fee

### **First American CREDCO**

- Brokers who already use CREDCO can continue business as usual
- Brokers who are new to CREDCO can sign up with CREDCO at [www.credco.com](http://www.credco.com)
- When Reunion reissues credit in our name, there is no reissue fee for the broker

### **Credit Plus**

- Brokers who already use Credit Plus can continue business as usual
- Brokers who are new to Credit Plus can link to a Reunion-specific site to sign up and enjoy lower fees than those normally offered by Credit Plus
- If an existing Credit Plus user wishes to take advantage of Reunion's discount, they can contact our Credit Plus representative to become a Reunion sub-account (contact information is on our website)
- When Reunion reissues credit in our name, the broker will be charged a \$3 reissue fee

### **CBCInnovis**

- The broker must have a sub-account under Reunion at the time the original credit report is pulled, otherwise Reunion cannot reissue the credit report in our name
- Brokers who already use CBCInnovis can provide Reunion's CBCInnovis representative with their Lawson's number to become a Reunion sub-account (contact information is on our website)
- Brokers who are new to CBCInnovis should sign up as a sub-account under Reunion (the application is on our website)
- When Reunion reissues credit in our name, there is no reissue fee for the broker

It is important to follow the specific instructions for each credit vendor. If Reunion is unable to reissue the existing credit, a new credit report will be pulled and the credit score may be impacted.

Please contact your Account Executive or branch with questions.
